

INDEX TO MEDICAL ULTRASOUND, VOL. 8

Page numbers in Volume 8 (1984) are continuous through each issue. Issues by month and pages are listed below:

Issue	Month	Pages
1	February	1-44
2	May	45-80
3	August	81-132
4	November	137-186

Subject Index

ABORTION

The abnormally small gestational sac—A question of impending abortion. Gill. 100

ACARDIUS ANENCEPHALIC

Ultrasonic diagnosis and management of acardius anencephalic twin pregnancy. Billah et al. 108

AMERICAN REGISTRY OF DIAGNOSTIC MEDICAL SONOGRAPHERS

Update on the American Registry of Diagnostic Medical Sonographers. Early. 81

ATRIAL SEPTAL DEFECTS

Determination of atrial septal defects by two-dimensional echocardiography: A review. Pope et al. 45

BENIGN FETAL TERATOMA

Prenatal diagnosis of a benign fetal teratoma of the neck. Veal. 71

BREAST LESIONS

Manipulation of pre- and postprocessing to enhance breast lesions. Foy et al. 61

BREAST MASSES

The role of sonomammography in the diagnosis of palpable breast masses. Hodgden, Lambie, Herman. 86

CARDIAC APEX

Echocardiographic examination of the ventricular outflow tracts and great vessels: Use of the cardiac apex as an examination site to record the RVOT. Harrigan. 137

CAROTID ARTERY DISEASE

Noninvasive study of carotid disease: A comparison study of pulsed Doppler ultrasonic arteriography to duplex scanning technique. Fix. 8

COLOCOLONIC INTUSSUSCEPTION

A colocolonic intussusception diagnosed by ultrasound. Bodmer et al. 67

CONSENSUS DEVELOPMENT

Educationally speaking: The consensus development process. Lea. 115

COST EFFICIENCY

Low cost real-time Doppler frequency analysis. Blackwell et al. 23

DOPPLER ULTRASOUND

Low cost real-time Doppler frequency analysis. Blackwell et al. 23

DUPLEX SCANNING

Noninvasive study of carotid disease: A comparison study of pulsed Doppler ultrasonic arteriography to duplex scanning technique. Fix. 8

ECHOCARDIOGRAPHY

Echocardiographic demonstration of left atrial compression secondary to thoracic skeletal malformations. Soto-Gigueroa et al. 102

ECTOPIC PREGNANCY

Direct diagnosis of unruptured ectopic pregnancy by real time ultrasonography. Warner. 44 (abstract)

The ectopic pregnancy. A review for sonographers. Barton. 145

EDUCATIONALLY SPEAKING

Educationally speaking: Curriculum units and sequence. Lea. 171

Educationally speaking: Regional continuing education activities. Lea. 78

Educationally speaking: The consensus development process. Lea. 115

Educationally speaking: The importance of ultrasound bioeffect education for sonographers. Lea. 42

ENCEPHALOCELE

Case of the quarter: Encephalocele. Hoene. (May) A-15

ENDOCARDITIS

Isolated pulmonic valve endocarditis: A case report. Pujara et al. 33

FAT FLUID LEVEL

The fat-fluid level in an ovarian dermoid. Yaghoobian. 157

FETAL ASYSTOLE

Prolonged fetal asystole simulating a demise in twin pregnancy. Wafalosky. 98

FETAL LUNG MATURITY

Ultrasound: A predictor of fetal lung maturity. Morris. 1

FREQUENCY ANALYSIS

Low cost real-time Doppler frequency analysis. Blackwell et al. 23

GESTATIONAL SAC

The abnormally small gestational sac—A question of impending abortion. Gill. 100

LYMPHOMATOUS INFILTRATION

Ultrasonic demonstration of lymphomatous infiltration of the greater omentum. Yaghoobian et al. 65

MASS

A diagnostic pitfall in sonography of right adrenal masses. Glagola-Goodman. 154
Pelvic pseudomass secondary to endometriosis: Loculated hemoperitoneum. Bannon. 73

MEMORY

Physical principles review: Memory. Kremkau. 113

MINORITIES IN ALLIED HEALTH

Guest editorial: Minorities in allied health and diagnostic medical sonography. Bradley. (May) A-17

MITRAL VALVE PROLAPSE

Mitral valve prolapse simulating left atrial myxoma. Mancuso et al. 162

NEONATAL CHOROID PLEXUS

Postural changes in the sonographic appearance of the neonatal choroid plexus: An aid in differentiating choroid from IVH. Sivo. 50

NURSE MIDWIFERY

Ultrasound in the practice of nurse-midwifery. Lindo. 20

ORBITAL DISTANCE MEASUREMENTS

Techniques for success: Orbital distance measurements: Techniques for prenatal diagnosis and dating. Mayden. 117

PEDIATRIC SURGICAL DISORDERS

Ultrasonography of pediatric surgical disorders. Friedman. 43 (book review)

PHYSICAL PRINCIPLES REVIEW

Physical principles review: Memories. Kremkau. 170

Physical principles review: Memory. Kremkau. 113

Physical principles review: Pulser. Kremkau. 41

Physical principles review: Receiver. Kremkau. 77

PROSTATE

A new frontier—Veterinary ultrasound: The prostate (Part II). Foss et al. 15

PULSER

Physical principles review: Pulser. Kremkau. 41

PULSED DOPPLER ULTRASOUND

Noninvasive study of carotid disease: A comparison study of pulsed Doppler ultrasonic

arteriography to duplex scanning technique. Fix. 8

RESPIRATORY DISTRESS SYNDROME

Ultrasound: A predictor of fetal lung maturity. Morris. 1

SCROTAL ULTRASOUND

Scrotal ultrasound: Acoustic characteristics of the normal testis and epididymis defined with high resolution superficial scanners. Rifkin et al. 91

SECTIONAL ANATOMY

Ultrasonic sectional anatomy (book review). Kuperberg. 43

SKELETAL MALFORMATIONS

Echocardiographic demonstration of left atrial compression secondary to thoracic skeletal malformations. Soto-Gigueroa et al. 102

SONOMAMMOGRAPHY

The role of sonomammography in the diagnosis of palpable breast masses. Hodgden, Lambie, Herman. 86

SONOGRAPHER IDEA EXCHANGE

Sonographer idea exchange. Dierks. 37. Roth. 38. Scusa. 38. Cooperberg. 39. Filly. 39. Streltsoff. 39. Kazam. 40. Odwin. 110. Fay. 111. Baker. 111. De Lange. 112. Rifkin. 112. Pope. 174. George. 174. Marley. 174

SONOGRAPHER ROLE

Defining the role of the sonographer. Berman. 55

TECHNIQUES FOR SUCCESS

Techniques for success: Equipment purchasing: An organized approach. Darby. 165

Techniques for success: Orbital distance measurements: Techniques for prenatal diagnosis and dating. Mayden. 117

Techniques for success: Simplification of the water bag immersion technique in ultrasonics. Yagel et al. 75

TWIN-TO-TWIN TRANSFUSION SYNDROME

Prenatal diagnosis of twin-to-twin transfusion syndrome. Veal. 30

TWIN PREGNANCY

Early diagnosis of an acardiac acephalus twin by ultrasound. Lindahl et al. 105

Prolonged fetal asystole simulating a demise in twin pregnancy. Wafalosky. 98

Ultrasonic diagnosis and management of acardius anencephalic twin pregnancy. Billah et al. 108

ULTRASONOGRAPHIC TECHNIQUE

Fundamentals of ultrasonographic technique (book review). Hoffman. 80

ULTRASONOGRAPHY

Direct diagnosis of unruptured ectopic pregnancy by real time ultrasonography. Warner. 44 (abstract)

Ultrasonography in obstetrics and gynecology. Miller (book review). 80

Ultrasonography of pediatric surgical disorders. Friedman (book review). 43

ULTRASOUND

Early diagnosis of an acardiac acephalus twin by ultrasound. Lindahl et al. 105

Educationally speaking: The importance of ultrasound bioeffect education for sonographers. Lea. 42

Ultrasound: A predictor of fetal lung maturity. Morris. 1

Ultrasonic sectional anatomy (book review). Kuperberg. 43

Ultrasound in the practice of nurse-midwifery. Lindo. 20

ULTRASOUND IMAGING

Ultrasound imaging: Liver, spleen, pancreas. Hagen-Ansert (book review). 79

URETEROCELE

Ultrasonographic demonstration of a ureterocele in an adult: A case report. Weiser. 160

VETERINARY ULTRASOUND

A new frontier—Veterinary ultrasound: The prostate (Part II). Foss et al. 15
